A WELL TRIED TREATMENT

For Consumption, Asthma, Bronchitis, Dyspepsia, Catarrh, Hay Fever, Headache, Debility, Rheumatism, Neuralgia, and all Chronic and Nervous Disorders.

When "Compound Oxygen" is inhaled, the heart has imparted to it increased vitality. That organ sends forth the blood with more force and less wear to itself; the vital currents leave on their circuits new deposits of vital force in every cell of tissue over which they pass, and return again to the lungs for a new supply. This is a rational explanation of the greatest advance medical science has yet made.

"The Compound Oxygen Treatment," Dr. Starkey & Palen, No. 1529 Arch street, Philadelphia, has been using for the last 15 years, is a scientific adjustment of the elements of Oxygen and Nitrogen suggested, and the compound is so condensed and made portable that it is sent all over the world.

Dr. Starkey & Palen have the liberty to refer (in proof of their standing as physicians), to the following named well-known persons who have tried their treatment:

Hon. Wm. D. Kelley, Member of Congress, Philadelphia.

Rev. Victor L. Conrad, editor Lutheran Observer, Philadelphia.

Rev. Charles W. Cushing, Lockport, N. Y.

Hon. Wm. Penn Nixon, editor Inter-Ocean, Chicago, Ill.

Judge Joseph B. Flanders, Temple Court, N. Y.

Mrs. Mary A. Cator, widow of the late Dr. Harvey Cator, Camden, N. J.

Mrs. Mary A. Donahy, Jamaica, Long Island, N. Y.

Mrs. Mary A. Livermore, Melrose, Mass.

Judge R. S. Voorhees, New York City.

Mr. George W. Edwards, owner St. George Hotel, Philadelphia.

Mr. Frank Biddell, Merchant, Philadelphia.

Mr. Wm. H. Whittier, Silk Manufacturer, Derby, Philadelphia, Pa.

And many others in every part of the United States.

"Compound Oxygen—Its Modes of Action and Results," is the title of a brochure of nearly 300 pages, published by Drs. Starkey & Palen, which gives to all inquirers full information as to this remarkable curative agent, and a record of surprising cures in a wide range of chronic cases—many of them after being abandoned to die by other physicians. It will be mailed free to any address on application.

C. W. HOLCOMB,
ATTORNEY-AT-LAW,

Office Rooms 611 F street, Washington, D. C.

(P. O. BOX 574.)

Practices in United States Supreme Court, Court of Claims, before Committees of Congress, and in all the Departments of Government at Washington.

Obtains patents to all classes of Public Lands, and gives special attention to contests before the General Land Office and Interior Department.
Has an experience of eleven years in General Land Office as Chief of Pre-emption Division. Recorder, Chief of Mineral Division, Chief Clerk and Acting Commissioner, and Inspector of Surveyors General, and District Land Office, and one year as Law Officer of Indian Affairs.

While not presuming to gratuitously advise, he ventures to suggest, as a result of his experience, that no land contest can be safely conducted by the best lawyers, at remote points; and that the lawyer in a Land District, who has all his experience especially of mineral lands—promptly examined on their arrival at Washington, can, by then curing defects, avoiding delay in patents, and being able to accurately, and at all times, inform his clients of the exact status of their claims, gain a positive business advantage over those who permit their cases to drift without direction.

In cases where good reasons exist, he will undertake to secure issue of patent in advance of the regular order.</
